It was late September last time I remember
She knelt and scrubbed on the bathroom floor
Cinderella was a mighty nice fella.
But I doubt about the ending in the stories they tell.
I bet she's out on the red light scene
Giving up the coo__e she's crack fiend.
And then Prince Charming, you might find it alarming.
He's a dirty mother f__k with a real mean streak.
He's out their pimpin, beating up the women.
He's handsome as hell so he gets what he needs.
Little Miss Muffit sat on her tuffet
Fat as hell from all the cereal she eats.
Michael had a nickel, bought himself a rock
Stuck in pickle now he's suckin on a c__k.

Nursery rhymes and fairy tales all got an endin that our parents very rarely tell
Nursery rhymes and fairy tales all got an endin that our parents very rarely tell

Three pigs beating on a black man
Blind mice beggin on the street
Snow White was white cause she's dead
There was something mean in the apple she ate
Now the dwarves still run seven deep
They are a mean tag team on the national scene
The old dog Bingo was wild rabid pit bull
Who ate the children who called his name
Old King Cole well bless his soul
The greedy f__r choked on a jelly roll
Little boy blue got his name from his balls.
And humpty dumpty's bouncin off the walls.

Mother goose never told you my friend it could be so dark in the end
Nursery rhymes and fairy tales all got an ending that our parents very rarely tell

Little Jack horner was found in a corner
Tweeking on some PCP.
Little Bo Peep was a porn star queen
Even did a scene with one of her sheep.
Now Goldilocks got her block knocked off
By a pissed off grizzly on the freeway
Jill forgot the pill, Jack ran down the hill
She's never seen his face again
Rub a dub-dub three men in a tub...WHAT THE F__K?!

(2x)Nursery rhymes and fairy tales all got an ending that our parents very rarely tell
(2x) Nursery rhymes and fairy tales all got a heaven but they also got a little hell.
